LET RUSSIA ALONE

In addition to the sound arguments in favor of withdrawing American troops there appear to be excellent reasons why the Allies as a whole should get out of Russia. There now seems to be conclusive evidence not only that Allied intervention has failed but that in large part intervention itself has defeated its own purpose. After two years of battle against foreign-aided attack soviet or Bolshevik rule appears to be more strongly entrenched than ever The anti-Bolshevik faction headed by Kolchak, Denekine and Yudenitch have failed to make real headway even with foreign aid. and the suspicion is now strengthening into firm conviction that this foreign aid itself caused native patriots. who under ordinary circumstances might have remained neutral. to flock to the all-native Bolshevist faction.

In other words Allied intervention has provided native support for the Bolshevists which they otherwise would have looked for in vain on account of the corruption and barbarity of their rule. Whether this be the true view or not. the great war is over, Russia's internal problem is its own. and it should be left to solve it alone If Russia itself can not overthrow the Bolsheviki in armed conflict or by political means. then it will be plain that they represent the Russian majority and have authority from the people. however corrupt they may be All the evidence now tends to show that the sooner the Allies withdraw from Russia thesooner will the question at issue there have a chance of settlement upon its merits To let Russia alone may be the best way to help the Russian people

THE TRIALS AT LILLE

With the anniversary of the day of the acknowledged defeat of the Central Powers came the news that the first of the Germans charged with punishable crimes had arrived at Lille, France, where they will be tried. The treaty provided that the German government shall deliver to the Allied and Associated Powers "all persons accused of having committed an act in violation of the laws and customs of war, who are specified by name or by rank, office or employment which they held under the German authorities." According to report, the Supreme Council at Paris has demanded or will demand the surrender for trial of no less than 600 persons. This list does not include the former German emperor whose "supreme offense against international morality and the sanctity of treaties" is provided for by itself, but it does include German commanders of high rank. among whom is former Crown Prince Rupprecht. This Bavarian prince, who is charged with shooting prisoners of war and giving "no quarter" orders, is said to declare that he will not report for trial. But a prince is not now what he once was in Germany and the German government. not wishing to meet a charge of breach of faith so soon. will doubtless provide for his extradition in due course.

These trials to take place at Lille after the restoration of peace are said to be unprecedented in history. If so, it is high time for such a precedent to be established. It is high time for savage-hearted men to learn that they can not with impunity employ the screen of war to commit abominable crimes against prisoners and civilians. crimes that in the late war was made a mock of civilization itself.

Good For Children

Pure and Wholesome Rich in Food Value

Give plenty of this new DIXIE Margarine to the children.

There are no purer ingredients than the ingredients that go into it. There is no cleaner Plant in the world than the Churnery where this is made. There is no more wholesome food—not even butter itself.

We are the founders of the Margarine Industry in America. We have set the standard of purity and wholesomeness for thirty-seven years. And on the day we feel that we can not make a product that is good for the most delicate child. on that day these doors shall close.

We KNOW that DIXIE Margarine is pure and wholesome, because we re-clarify and re-pasteurize every gallon of milk and cream as well as every other ingredient that goes intoit. We KNOW that DIXIE Margarine has the food value because we put it there.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "logy" headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and [illegible] organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purgatives only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and other kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much out of your system, poisons, harmful matter, etc. If half-ailing or rundown, constipated, take one NR Tablet tonight and you'll see how much better you feel in the morning. Just an occasional NR Tablet after that will keep you feeling your best. Get a 25¢ Box.

Furnace going full blast—only using one room!

Coal costs too much to waste these days.

Then why feed the furnace, just to keep one room comfortable?

It's entirely unnecessary. A Perfection Oil Heater will give ample heat for any room and you can carry it with you from place to place.

PERFECTION OIL HEATERS

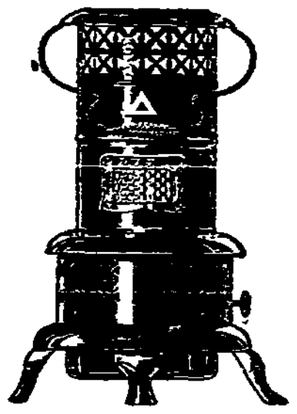
No mussing with coal or wood, no waiting for the fire to "burn up"; a Perfection lights at the touch of a match and gives off full heat at once.

Smokeless, odorless and absolutely safe. You *can't* turn the wick too high.

This handy heater will save you at least a ton of coal this fall and help keep fuel bills down all winter long.

Rayo Lamps
Don't strain your eyes with a lamp that is too weak or too glaring. Rayo Lamps are just right. Their mellow light rests the eyes.

See the various models at your dealer's today—you'll be surprised how inexpensive they are.



ATLANTIC RAYOLIGHT OIL costs no more than ordinary kerosene and one gallon will burn for ten hours in your Perfection Oil Heater. Best for Rayo Lamps, too.

PUBLIC SCHOOLS MAKE VERY GENEROUS DONATION TO HOSPITAL

Five Truck Loads of Eatables Given by Pupils of District

ALL SCHOOLS PARTICIPATED

Actuated solely by a desire to aid in a worthy cause, the boys and girls of the schools of Charleroi did valiant service, during the past week, in response to the call for food donations by the managers of the Charroi-Monessen hospital. It had been announced to the pupils in the respective buildings, earlier in the week that gifts for the hospital would be accepteed on Friday morning. The fact was impressed on the minds of the pupils that it was not in any sense obligatory on their part to donate anything, but that any voluntary gift would be gratefully received. And now the youngsters measured up to the occasion. Five electric truck loads of good things, the aggregate value of which would amount close to a thousand dollars. Practically every child in the school system contributed something, and it would have brought joy to the hearts of the parents to see the children, as, with countenances wreached in smiles, they proudly bore their gifts to the allotted places, seeming to appreciate the privilege which had been extended them of being allowed to add their mite toward alleviating suffering and aiding in the process of recuperation.

Complete arrangements had been made by the various principles for the receipt of donations. The different articles were checked and tobulated.after which they were carefully packed in boxes, preparatory to their removal by the hospital authorities. It is quite certain, judging from the response made to this appeal for aid, that the larder of the Charleroi-Moneessen hospital will be well stocked with some very necessary articles for the coming winter, and that the usual grocery bill will be perceptibly diminished as a result of the aid so generously extended by the school children of Charleroi.

Herewith is appended a list of all the articles contributed by the children in the respective buildings:

PASTOR TALKS ON "SPIRITUAL BLESSINGS"

"Spiritual Blessings" formed the theme of the Thanksgiving discourse of the Rev. Stewart Martin Smith of Pittsburg, who preached Sunday at the First Baptist church. Washington avenue.

"Every church member knows that could his life be shown as it really is he would hide his head in shame and yet with all that consciousness of guilt he may be absolutely confident of heaven," Mr. Smith declared.

Continuing, he said: "Having once entrained this powerful idea the mind of man will never surrender it to purely materialistic conceptions of history. We can feel our sin and imperfections and yet know that we are being conformed by laws operating beyond our understanding to the image of His Son. Nothing comes by chance or caprice in this universe of lay. From the foundation of the world it was ordained that you should fulfill a certain destiny and from God's standpoint. it is as good as done. Those who have this assurance are he onee's who may be truly thankful. no matter what state their temporal affairs are in."

Quota of Charleroi Placed at 100,000 by the State Association

CAMPAIGN WILL BEGIN MONDAY

The Monday Musical Club of Charleroi has been designated by the Pennsylvania Society for the Prevention of Tuberculosis as the agency through which the local sale of Red Cross Seals will be conducted in this community. Plans have been practically completed for the campaign, which will be in charge of Miss Price Frye, Miss Bethel Bowman, Mrs. Wright and Miss Margaret McDermott. Prof. I. T. Daniel will have charge of the publicity committee, with Mrs. Griffith. Miss Mary Provins. Betty Rynearson and Isabella Dorbritz as assistants.

Charleroi's appointment is 100,000 seals, which selling at one cent each will net the Club $1.000 if all of them are sold. The campaign will open next Monday, December 1. and in Pennsylvania it is proposed to sell 33,000,000 seals, out side of Philadelphia and Pittsburg. This will mean the raising of $330,000 to fight the menace of the white plague.

For the local organization to reach its quota of 100,000 seals will require a generous purchase on the part of the people of the community. These seals will besold in any amount desired, although some large sales are anticipated by the members to firms and corporations. Nowever it is a work in which every man, woman and child can take part.

When it is remembered that 10,000 persons die annually in Pennsylvania from tuberculosis, and that from 75,000 to 100.000 residents have the disease it is easy to see what a great field is before the people in ordr to curb the ravages of this white plague. It is pointed out that not over 25.000 having tuberculosis receive systematic treatment, while at least 50,000 receive no treatment at all. It is further pointed out that at least 3,000 Pennsylvania men who had tuberculosis entered the health authorities were rejected for Army service.

The members of the Monday Musical Club asks for the co-operation of all citizens of the community in this campaign and its success will depend upon the generosity of those who are asked to buy these seals. It will take work of the most persistent character on the part of the members to reach the goal set for them, but it can be reached before Christmas time if the proper support is given by those who are asked to purchase these emblems, representing as they do a concentrated effort on the part of the National Tuberculosis Association to wipe out the d read disease.
